PROFESSIONAL SUMMARY

Enthusiastic and results-driven Full Stack Web Developer with a recent certification from a rigorous bootcamp, complemented by a diverse background in clinical laboratory operations, drum instruction, finance, and hospitality. Leveraging a solid foundation in web technologies, including React, JavaScript, Node, and MongoDB, to deliver high-quality, scalable solutions. Known for adaptability, effective communication, and a proactive approach to problem-solving. Eager to contribute technical expertise and a unique skill set honed in varied industries to a dynamic web development team. **Open to remote work.**

EXPERIENCE

Highlighted Front End Project

React Personal Portfolio

<https://github.com/AnthonyCiccone90/react-portfolio>

- Implemented a mobile-first approach ensuring optimal user experience across different devices and screen sizes.
- Designed and integrated interactive components using React libraries to create a dynamic browsing experience.
- Developed a contact form using React forms and integrated backend functionality using Node Js and Express Js for secure communication

Highlighted Back End Project

Social Network API

<https://github.com/AnthonyCiccone90/social-network-api>

- Designed and implemented a RESTful API for a social network providing endpoints for user, comment and reaction management.
- Integrated MongoDB and Mongoose to store users, comments and reactions to optimize data retrieval
- Implemented relationships and associations allowing for a connected and interactive experience
